Nominated by:

Marius Chiasson and Manon Banville

Reason for Accepting Nomination:

It is with commitment that I accept the nomination for the position of NANB's President Elect. Having been a nursing consultant for over 14 years with NANB and considering my various professional experiences, I have remained very aware of the challenges of our profession and of those of NANB's as a regulatory body. My goal includes increasing transparency related to NANB's operation and decision making and having a positive and constructive influence on nursing regulation in New Brunswick.
