Nominated by:

Nathalie LeBlanc and Suzanne Harrison

Reason for accepting nomination:

I am running for a second term as my learning experience has been very rewarding on both a professional and personal level. I feel I have committed myself to this role, I wish to continue my work on the Board of Directors. I believe I have made a contribution to the nursing profession and nursing education. Likewise, my work experience allows me to adequately represent New Brunswick nurses in communicating the needs and challenges of the nursing profession.
